PROJECT DETAIL

PROJECT DETAIL must be completed for every proposed project.

A *project* is defined as a discrete combination of: entity (i.e., city or county), activity (i.e., water, sewer, etc.), beneficiary population, and national objective. A *site* is defined as a discrete location for activities within a project. A project can have one or more sites. For example, one water project that consists of three generators throughout a city consists of three sites, one for each generator.

Each Project Detail must provide sufficient information to clearly identify the proposed project, define the location, indicate whether acquisition (i.e. real property, easements or rights-of-way) is required, clearly describe the scope of work, specify the populations who will receive benefit from the project, identify environmental assessment information, and outline funding detail to include any non-CDBG-DR funds to be used.

1. Select the type of project proposed:	
Sewer Facilities	
2. Provide a title for the proposed project.	
NOTE: For the title, the spelling and capitalization of the project title and any associated site number(s) identified in the application must be consistently used throughout the application to ensure clear identification of each project and site number. e.g., a project title of "Green Acres, Site 3" here should appear as "Green Acres, Site 3" at every other reference in this application. A reference to some other title such as "green acres subdivision" or "#3 Green Street" elsewhere in the application could cause delays in the eligibility review process.	
Project Title:	Sewer Collection System Improvements
3. Provide a physical address and the approximate GPS coordinates (in decimal degrees) for each proposed site along with project and beneficiary maps.	
If the proposed project includes only one site, include the physical address and the GPS coordinates (in decimal degrees) for the site.	
If the proposed project does not have a physical address, provide a site description.	
If the proposed project includes more than one site, start with Site #1 from the drop-down list and use the + button to add additional sites.	
Use sequential numbering for additional sites.	
For proposed work involving a length of road, ditch, channel, etc., use the approximate midpoint coordinates for latitude and longitude, but identify the entire length of the proposed work and the assigned site number on the project map. Identify these type of sites in the application by completing the On-From-To fields. For instance, "On Main Street From Sycamore Street To Elm Street."	
Attach project/site and beneficiary map(s) as described in the Application Guide.	
Use the X button to remove a site as needed.	
Site #	Physical Address or Site Description

From:	To:
Latitude	Longitude
Construction Completion Method: Contract	
Provide a detailed description of the scope of work proposed. For proposed work involving a length of road, ditch, channel, etc., report the scope of the project in linear feet (lf).	
Overall project includes: Pipe burst approximately 7,631 linear feet of 6" sewer line with 8" SDR17 HDPE Pipe burst approximately 9,657 linear feet of 8" sewer line with 10" SDR17 HDPE	

Pipe burst approximately 5,188 linear feet of 10" sewer line with 12" SDR17 HDPE

Remove and replace 55 manholes

Install 14 new manholes

Replace 213 cleanouts

NATIONAL OBJECTIVES

Choose one National Objective being met and provide justification of the beneficiary identification method used to meet that National Objective.

1. Activities benefiting low-to-moderate income persons.

Method(s) used to determine the beneficiaries:

LMI Area Benefit: LMI Housing Activity: LMI Limited Clientele: LMI Jobs:

2. Prevention/Elimination of Slums or Blighted areas. Area Basis Spot Basis

Has the proposed project area been officially designed as a slum or blighted area? Yes No

If yes, what conditions are present in the area to designate and qualify the area as a slum or blighted area?

Describe the boundaries of the slum or blighted area. (Do not use this field to document the Census Tract / Block Group data.)

Enter the percentage of deteriorated buildings/properties in the area at the time it was designated a slum or blighted area.
[Enter value as a decimal number. Example: .2526 = 25.26%]

If the activity qualifies for CDBG-DR assistance on the basis that public improvements throughout the area are in a general state of deterioration, enter a description of each type of improvement in the area and its condition at the time the area was designated a slum or blighted area.

Enter the year the area was designated as a slum or blighted area. If the period during which such designations are valid has lapsed, the applicant entity must re-evaluate and re-designate the area.

3. Urgent Need

Do the existing conditions pose a serious and immediate threat to the health or welfare of the community? Yes No

Were the existing conditions officially identified by the applicant as being of urgent need within 18 months of the event? Yes No
If yes, provide that documentation.

Is the applicant able to finance the project on their own? Or are other sources of funding available? Yes No

Provide justification of the beneficiary identification method used to meet this National Objective:

The City of Pinehurst conducted a citywide survey in 2018 to more accurately reflect the population of the community following the Hurricane Harvey storm event. Repairs to the sewer collection lines impact I & I. Reducing I & I affects the wastewater treatment plant which provides services to the entire city, therefore the results of the citywide survey were used to determine the beneficiaries of the project.

ACQUISITION/UNIFORM RELOCATION ASSISTANCE

Activities and projects assisted by CDBG-DR are subject to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601 *et seq.*) ("URA") and section 104(d) of the HCD Act (42 U.S.C. 5304(d)) (Section 104(d)). The implementing regulations for the URA are at 49 CFR part 24. The regulations for Section 104(d) are at 24 CFR part 42, subpart C.

For the purpose of promoting the availability of decent, safe, and sanitary housing in response to Hurricane Harvey, HUD has waived the following URA and Section 104(d) requirements for subrecipients:

- a. *One-for-one replacement. The one-for-one replacement requirements at section 104(d)(2)(A)(i) and (d)(3) of the HCD Act and 25 CFR 42.375 are waived in connections with funds utilized for lower-income dwelling units that are damaged by the disaster and deemed not suitable, per the definition provided by the GLO, for rehabilitation.*
- b. *Relocation assistance. The relocation assistance requirements at section 104(d)(2)(A) of the HCD Act and 24 CFR 42.350 are waived to the extent that they differ from the requirements of the URA. The URA and its implementing regulations are the sole standard for relocation assistance for projects in this program.*
- c. *Arm's Length Voluntary Purchase. The requirements at 49 CFR 24.101(b)(2)(i) and (ii) are waived to the extent that they apply to a purchase carried out by a person who uses CDBG-DR funds and does not have the power of eminent domain.*
- d. *Rental Assistance for Displaced Persons. Section 414 of the Stafford Act (42 U.S.C 5181) is waived and homeowner occupants and tenants displaced from their homes as a result of Hurricane Harvey who would have otherwise been displaced as a direct result of any acquisition, rehabilitation, or demolition of real property for a federally funded program or project may be eligible for replacement housing notwithstanding their inability to meet occupancy requirements prescribed in the URA.*
- e. *Tenant-Based Rental Assistance. Sections 204 and 205 of the URA, 49 CFR 24.2(a)(6)(vii) , 24.2(a)(6)(ix), and 24.402(b) are waived to the extent necessary to permit a grantee to meet all or a portion of the replacement housing payment obligation to a displaced tenant by offering rental housing assistance provided that comparable replacement dwellings are made available to the tenant in compliance with 49 CFR 24.204(a).*
- f. *Moving Expenses.*
- g. *Optional Relocation Policies. 24 CFR 570.606(d) is waived and grantees receiving CDBG-DR funds may, but are not required to, establish optional relocation policies.*

Does the project require acquisition of property, purchase of easements, relocation, or any other activity requiring compliance with URA outside the listed waived activities? Yes No

If yes, has acquisition of the project site(s) been completed, in progress, or will need to be acquired?

Select acquisition status: Previously Acquired Acquisition in Progress To be Acquired

Describe the type and purpose of all acquisition (easements, real property, etc.) associated with the proposed project. For acquisitions "Previously Acquired" or "Acquisition in Progress," include detailed information and supporting documentation to ensure compliance with all URA, 42 U.S.C. § 4601 *et seq.* and environmental review processes.

RESIDENTIAL ANTI-DISPLACEMENT AND RELOCATION ASSISTANCE PLAN

By signing this application, the signee certifies that they will establish and maintain a Residential Anti-displacement and Relocation Assistance Plan to minimize direct and indirect displacement of persons from their homes by including the steps noted below. Applicability of items on this checklist is dependent upon the proposed project objectives and related feasibility of each action.

- o Coordinate code enforcement with rehabilitation and housing assistance programs.
- o Evaluate housing codes and rehabilitation standards in reinvestment areas to prevent undue financial burden on established owners and tenants.
- o Stage rehabilitation of apartment units to remain in the building/complex during and after rehabilitation, working with empty units first.
- o Arrange for facilities to house persons who must be relocated temporarily during rehabilitation.
- o Adopt policies to identify and mitigate displacement resulting from intensive public investment in neighborhoods.
- o Adopt policies which provide protections for tenants faced with conversion to condominium or cooperative.
- o Adopt tax assessment policies, such as deferred tax payment plans, to reduce impact of increasing property tax assessments on lower income owner-occupants or tenants in revitalization areas.
- o Establish counseling centers to provide homeowners and tenants with information on assistance available to help them remain in their neighborhood.
- o Where feasible, give priority to rehabilitation of housing, as opposed to demolition, to avoid displacement.
- o If feasible, demolish or convert only dwelling units that are not occupied or vacant occupiable "dwelling units" (as defined in 24 CFR 42.305).
- o Target only those properties deemed essential to the need or success of the project.
