

ORDINANCE NO. 2026-03

AN ORDINANCE OF THE CITY OF PINEHURST, PROVIDING FOR THE REGULATION AND PERMITTING OF RECREATIONAL VEHICLE PARKS TO BE LOCATED WITHING THE CITY OF PINEHURST; RECREATIONAL VEHICLE PARKS AND RECREATIONAL VEHICLE PARK DEVELOPMENT

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PINEHURST, TEXAS:

RECREATIONAL VEHICLE PARKS

Section 1 Purpose

The city council finds that properly planned and operated recreational vehicle communities (i.e., recreational vehicle (RV) parks): (1) promote the safety and health of the residents of such communities and of other nearby communities; (2) encourage economical and orderly development of such communities and of other nearby communities. It is, therefore, declared to be the policy of the city to eliminate and prevent health and safety hazards and to promote the economic and orderly development and utilization of land by providing for planned and supervised recreational vehicle communities by providing for the standards and regulations necessary to accomplish these purposes. This article is enacted in order to achieve orderly development of recreational vehicle parks (RV parks), to promote and develop the use of land to minimize possible impacts, and to promote the health, safety and general welfare of the public.

Section 1.1 Applicability

This article shall apply to any recreational vehicle park to be located within the city limits.

Section 2 Definitions

Accessory structure. Any structural addition to the recreational vehicle or site, including awnings, cabanas, carports, garages, porches, storage cabinets, storage sheds, and similar appurtenant structures.

Biodegradable. Means capable of being decomposed by biological agents, especially bacteria.

Building official. The official of the city responsible for the inspection of electrical, mechanical and plumbing associated with a property.

Code official. The official of the city or his/her designee charged with the enforcement of the provisions of this article.

Controlling interest. A person or developer who controls at least fifty-one percent (51%) of ownership.

Dry hydrant. An un-pressurized, permanently installed pipe that has one end below the water level of a lake, pond or container.

Full-time employee. A person who is responsible for maintenance of the RV park seven (7) days per week. This person may or may not be the owner of the RV park.

Licensee or agent. A person who may or may not own the RV park but is person responsible for the day-to-day operations including records and license of the park.

Opaque fence. A fence made of solid materials designed to shield from public view the RV park. i.e. is difficult to see through or perceive

Recreational vehicle or RV. Any licensed camp trailer, travel trailer, motor home or fifth wheel designed to provide temporary living quarters for recreational camping or travel use, constructed with integral wheels to make it mobile and/ or towable by motor vehicle.

Recreational vehicle park or RV park. Any lot, tract, or parcel of land upon which accommodation is provided for two or more recreational vehicles used as living or sleeping quarters by the day, week, or month, whether a charge is or is not made. A recreational vehicle park is a unified development of recreational vehicle spaces provided for recreational vehicle use with or without community facilities and permitted permanent buildings.

Recreational vehicle site or RV site. That part of a lot or area in a recreational vehicle park or RV park that has been reserved for the placement of one recreational vehicle or RV.

Sample well site. A connection at the property line where the customer's line and city line connect shall be installed a vertical riser of four (4) inches in circumference, shall extend four (4) to six (6) inches above grade, for the detection of non-biodegradable materials.

Section 3 License

- (a) Required. It shall be unlawful for any person to operate any RV park within the city limits unless he/she holds a valid license issued annually by the City of Pinehurst in the name of such person for the specific park. The applicant shall make all applications for the licenses on forms furnished by the City of Pinehurst, which shall issue a license upon compliance with the provisions of this article and upon approval by City Council. City Council holds the right to limit the location and number of RV Park(s) within the City of Pinehurst.
- (b) Application for renewal. Application for renewal of a license shall be made in writing by the licensee on forms furnished by the City of Pinehurst on or before December 31st of each year. Such application shall contain any changes in the information and/or RV Park changes occurring after the original license was issued or the latest renewal granted.
- (c) Fee. All applications shall be accompanied by a fee of 200.00 per applicant, annually.
- (d) Approval of transfer. Every person holding a license shall give notice in writing to the City of Pinehurst within ten (10) calendar days after having sold, transferred, given away, or otherwise disposed of interest in or control of any RV park. Application for transfer of a license shall be made within ten (10)

calendar days after notification of change covered in this subsection. Within sixty (60) calendar days thereafter, the City of Pinehurst shall act on the application for new license.

(e) Suspension.

- 1) Whenever, upon inspection of any RV park, the city finds that conditions or practices exist which are in violation of any provisions of this article applicable to such park, the city shall give notice in writing to the owner and/or manager of the park, and if such conditions or practices have not been corrected in the time frame set forth in the notice, the city will suspend the license and give notice of such suspension. Upon suspension of the license, the licensee shall cease operation of such park.
- 2) The suspension of the license may be appealed to the city council as set forth in subsection (b) of section 3.2.

Section 3.1 Inspections

(a) Authorized. The building official and/or code official are hereby authorized to make such inspections as are necessary to determine compliance with this article.

(b) Entry on premises. The building official and code official shall have the power to enter at reasonable times upon any private or public property within the purpose of inspecting and investigating conditions relating to the enforcement of this article.

Section 3.2 Notices, hearings and orders

(a) Notice of violation. Whenever it is determined that there are grounds to believe that there has been a violation of any provision of this article, the City of Pinehurst shall give notice of such alleged violation to the licensee or agent, as hereinafter provided. Such notice shall:

- 1) Be in writing.
- 2) Include a statement of the reasons for its issuance.
- 3) Allow ten (10) days for compliance.
- 4) Be served upon the licensee or his agent; provided that such notice or order shall be deemed to have been properly served upon such licensee or agent when a copy thereof has been served in person or sent by certified mail to his/her last known address.
- 5) Contain an outline of remedial action that, if taken, will effect compliance with the provisions of this article.
- 6) After all procedures outlined above are exhausted citations may be issued.

If a municipality mails a notice to a property owner in accordance with Section 3.2 (a) and the United States Postal Service returns the notice as "refused" or "unclaimed", the validity of the notice is not affected, and the notice is considered as delivered.

(b) Appeal from notice. Any person affected by any notice that has been issued in connection with the enforcement of any provision of this article applicable to such park may [request] a hearing before the City Administrator; provided that such person shall file within ten (10) calendar days after the day the notice was served, in the city secretary's office, with a copy to the office of the code official, a

written petition requesting such hearing and setting forth a brief statement of the grounds thereof. The decision of the City Administrator may be appealed to the city council. The filing request for a hearing shall operate as a stay of the notice and of the suspension, except in the case of an order issued under subsection (d) of this section.

- (c) Issuance of order. After such hearing, the City Administrator, or his/her designee, shall issue an order in writing sustaining, modifying, or withdrawing the notice of violation, which order shall be served by certified mail upon the petitioner. Any failure to comply with an order sustaining or modifying the finding of a violation shall constitute grounds for immediate revocation of the license of the park affected by the order.
- (d) Order without notice. Whenever the city finds that an emergency exists which requires immediate action to protect the public health or safety, the designated official may, without notice or hearing, issue an order reciting the existence of such an emergency and requiring the action to be taken as deemed necessary to meet the emergency. Notwithstanding any other provisions of this section, such order shall be effective immediately, but upon written petition to the city shall be afforded a hearing as soon as possible. The provisions of subsection (c) of this section shall be applicable to such hearing and the order issued thereafter.

Section 3.3 Recreational Vehicle Condition Requirements

a) General Standard.

All recreational vehicles (RVs) located within the City shall be maintained in a clean, safe, and presentable condition so as not to detract from the appearance, health, or safety of the community.

b) Exterior Condition. An RV shall:

- 1) Have intact and properly maintained exterior surfaces, free from excessive rust, dents, holes, cracks, or other structural damage
- 2) Have windows, doors, and hatches that are unbroken and in good working order
- 3) Be free of peeling, flaking, or severely faded paint or coatings
- 4) Not display missing panels, loose parts, or exposed insulation

a) Sanitary and Safety Requirements. An RV shall:

- 1) Be free of leaks, foul odors, or visible wastewater discharge
- 2) Maintain functional electrical, water, and sewage connections when applicable
- 3) Be free from fire hazards, including exposed wiring or fuel system defects

c) Operational Standards. An RV shall:

- 1) Be capable of being moved under its own power or by normal towing means
- 2) Have functional tires, wheels, lights, and other equipment necessary for safe relocation

d) Prohibited Conditions. An RV shall not be occupied or stored on any property if it exhibits any of the following:

- 1) Broken, shattered, or missing windows
- 2) Significant body damage or deterioration visible from public rights-of-way
- 3) Evidence of infestation
- 4) Accumulation of trash or debris on or around the vehicle
- 5) Any condition that constitutes a nuisance or public safety hazard

e) Inspection and Compliance

- 1) The property owner and RV owner are jointly responsible for maintaining compliance
- 2) The City may conduct inspections upon reasonable notice
- 3) Non-compliant RVs must be repaired, removed, or restored to compliance within a specified time period set by the City

f) Non-Discrimination Clause

Compliance standards apply regardless of the age, make, or model of the RV. Age alone shall not be considered grounds for determining compliance or non-compliance.

Section 3.4 Violations declared nuisance; abatement; penalty

Any noncompliance with this article is hereby deemed a nuisance. The city may abate and remove the nuisance and punish the person(s) responsible for causing or allowing the nuisance condition to exist. Any person(s) violating this article shall be subject to a fine not to exceed five hundred dollars (\$500.00) for each provision violated, and each day that there is a failure to comply with the terms of any provision of this article is declared to be a separate offense. For violations of the provisions of this article that govern fire safety, zoning, or public health and sanitation, including dumping of refuse, the fine may not exceed two thousand dollars (\$2000.00) per day, per violation. The code official shall be the authority of the jurisdiction responsible for the issuance of citations and any action deemed necessary for the enforcement of this ordinance.

Section 4 Site development plan

A site development plan must be prepared and submitted to staff and must include the requirements for site plans contained herein.

Section 4.1 Size and density

Each RV Park must have a minimum size of three (3) acres. Only one (1) recreational vehicle is permitted per recreational vehicle site.

Section 4.2 Size of individual sites; pad requirements; landscaping

(a) Each recreational vehicle site within the RV park shall have a minimum area of one thousand three hundred (1,300) square feet. The sites shall be designed as pull-through for ease of entering and leaving the site. The space shall be clearly marked, with numbers visible, identifying the space number.

Section 4.4 Street access; street lighting

- (a) Each recreational vehicle site within the RV park shall have access to an internal private roadway, which shall have access to a public street. The entrance of the internal roadway shall have a pavement width of at least thirty (30) feet with an adequate curb radius. The major thoroughfare shall have a width of twenty-two (22) feet. The roadway may be fifteen (15) feet if the RV park is designed for one-way roads. Each emergency access lane shall have a clear unobstructed width of twenty-two (22) feet; fifteen (15) feet if one-way and shall have a turning area and radii with a minimum of sixty (60) feet to permit free movement of emergency vehicles. Dead-end streets are not allowed. The internal streets off the major thoroughfare may be constructed with crushed rock materials or similar material with the objective to prohibit dust.
- (b) Metal signs shall be placed along the emergency access lane, by the owner or agent of the RV park stating that parking is prohibited. The sign type, size, height and location shall be approved by the city.
- (c) Adequate street lighting for the RV park shall be approved by the city.

Section 4.5 Required facilities

- (a) Each RV park must have an office for the manager of the RV park, and a bathroom and shower facilities, as well as laundry facilities. All facilities used by residents must be well lit inside and out during the night hours. All facilities must meet applicable codes adopted by the city.
- (b) All RV parks shall have at least one (1) recreation area, located as to be free of traffic hazards, easily accessible to all park residents. Recreation areas include space for community buildings and community use facilities such as restroom and shower facilities, adult recreation (basketball, pickleball or tennis court) and playgrounds for children, and swimming pools, but not including vehicle parking, maintenance and utility areas.

Section 4.6 Prohibited placement of recreational vehicle

The placement of a recreational vehicle for occupancy longer than fourteen (14) days shall not be permitted except in an approved recreational vehicle park. A recreational vehicle may be placed at an

owner's residence as long as the RV is placed in the side or rear yard area and not used for occupancy longer than fourteen (14) days in a twelve (12) month period.

Section 4.8 Area designated for RV parks

The area designated for the placement of recreational vehicle parks shall be established on a map in Appendix B with a copy of such in the office of the building official and office of the code official.

Section 5 Drainage.

The ground surface in all parts of the RV park shall be graded and designed to drain all stormwater, and/or surface water in a safe and efficient manner. Drainage analysis shall be performed by a licensed professional engineer and easements for the conveyance of surface water off-site shall be obtained, if necessary. Any person(s) applying for an RV Park license shall submit plans to the Orange County Drainage District for tentative approval before permit and/or license can be issued.

Section 6 Water supply

Each site within an RV park shall be provided with a connection to the city water supply, if available. If city water supply is not available, then a permit from the Texas Commission on Environmental Quality (TCEQ) shall be obtained to install a well. The city must approve all proposed water facility plans prior to construction. The water distribution system shall be installed as follows:

- 1) The water supply system, fixtures and other equipment must be installed in accordance with applicable codes adopted by the city.
- 2) A master water meter shall be installed to serve the RV park. Sub-metering or re-metering of RV sites is not permitted.
- 3) A reduced pressure principal backflow preventer will be required to be placed at the property line on the discharge side of the master meter.
- 4) Water riser service branch lines shall extend at least four (4) inches above ground elevation. The branch line shall be at least $\frac{3}{4}$ inch.
- 5) Adequate provisions shall be made to prevent freezing of service lines, valves and riser pipes. Surface drainage shall be diverted from the location of utility connections at each site.
- 6) A shut off valve below the frost line shall be provided near each water riser pipe.
- 7) The owner/operator shall have complete maintenance responsibility for the water system within the RV park.
- 8) The city has no maintenance responsibility for service lines within the RV park. The responsibility of the city stops at the property line.

Section 7 Wastewater facilities

Each site within the RV park shall be provided with a connection for wastewater, if available. If city wastewater is not available then a permit from the Texas Commission on Environmental Quality (TCEQ) shall be obtained prior to placement of an on-site sewage facility. All proposed wastewater service lines shall be connected to the city wastewater system if available.

On-site sewage facilities are permitted if city utilities are not available. The city must approve all proposed wastewater facility plans prior to construction. The wastewater distribution system shall be installed as follows:

- 1) The wastewater system and materials must be installed in accordance with applicable codes adopted by the city.
- 2) Each site shall be provided with a four-inch diameter wastewater riser and shall extend above grade four (4) to six (6) inches. The wastewater riser pipe shall be so located on each stand so that the wastewater connection to the RV drain outlet will approximate a vertical position. Each inlet shall be provided with a gastight seal when connected to a recreational vehicle or have a gastight seal plug when not in service. The plug shall be that of a spring-loaded device.
- 3) The wastewater connection to each site shall consist of a single four-inch service line without any branch lines, fittings, or connections. All joints shall be watertight.
- 4) Surface drainage shall be diverted away from the riser. The rim of the riser pipe shall extend at least four (4) to six (6) inches above the ground elevation.
- 5) Each collection wastewater line shall provide a vent extending a minimum of ten (10) feet in height.
- 6) The owner/operator shall have complete maintenance responsibility for the wastewater system within the RV park. The responsibility of the city stops at the property line.
- 7) Each RV Park shall be required to install, at the property line where connection to the city sewer is made, a manhole. The manhole shall be installed according to city code.
- 8) All chemicals entering the city sewer shall be biodegradable.

Section 8 Electrical service

Each site within the RV park shall be provided with electrical service. All electrical service shall be underground and installed in accordance with the National Electrical Code. The electrical service shall be installed as follows:

- 1) A master electric meter shall be installed to serve the RV park. Sub-metering or re-metering of RV sites is not permitted, unless additional meters are required by Entergy.
- 2) The city has no maintenance responsibility for service lines within the RV park. The responsibility of the city stops at the property line.
- 3) All electrical work will be done in accordance with the NEC that the city has adopted.

Section 9 Storage, collection and disposal of refuse and garbage

Each RV park shall be provided with safe and adequate facilities for the collection and removal of waste and garbage. Storage, collection, and handling shall be conducted so as to create no health hazards,

rodent harborage, insect breeding areas, or fire hazards. Trash dumpsters shall be screened on three (3) sides. RV Park(s) will use the contracted city waste management for dumpsters.

Section 10 Accessory structures

The individual sites within the RV park are not allowed to have accessory structures.

Section 11 Registration of guests

Each person renting a site within a RV park shall provide the following information to the owner, manager, operator or person in charge of the RV park:

- 1) Name or registered owner and all occupants residing on RV site, as listed on Identification
- 2) Full address of permanent residence
- 3) Automobile(s) and recreational vehicle license plate number and the state in which each is registered
- 4) Driver's license number of the owner
- 5) The number or letter of the site being rented and
- 6) Date of arrival and departure.

Section 12 Control of insects, rodents and other pests

Grounds, buildings and structures in the RV park shall be maintained free of the accumulation of high grass and weeds and debris so as to prevent rodent and snake harborage or the breeding of flies, mosquitoes or other pests.

(a) The RV park owner or manager shall be responsible for maintaining the entire area of the park free of dry brush, leaves, limbs and weeds.

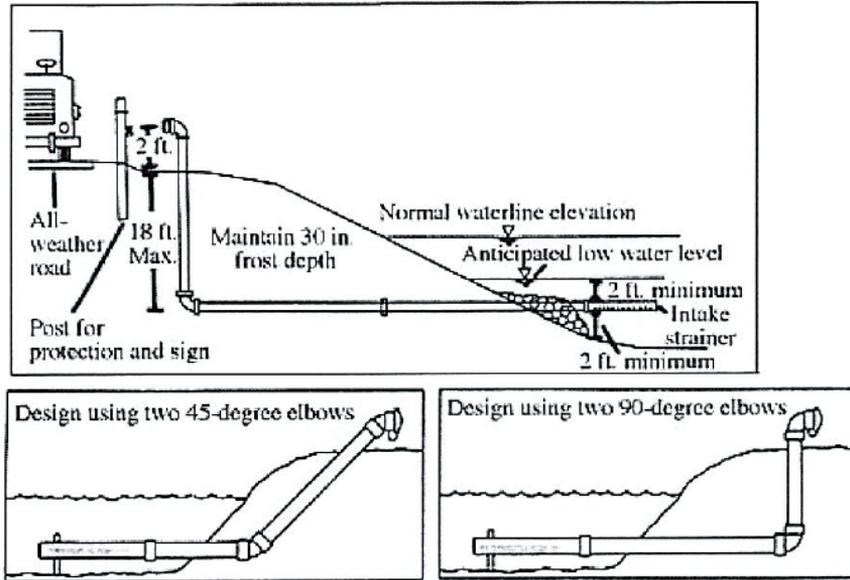

Section 13 Fire safety standards; fire hydrants

(a) Open fires shall be allowed only on a permitted basis. Permits can be obtained through the city.

(b) A fire hydrant(s) must be placed such that each recreational vehicle site is at least six hundred (600) feet from one and/or placed in a manner that each site of the park can be safely covered in the case of a fire.

(c) If a RV park is to be placed in an area where city water is not available, the RV park owner must have a pond located on the property filled at all time with a minimum capacity of twenty thousand (20,000) gallons with a dry hydrant installed. A container capable of holding a minimum of twenty thousand (20,000) gallons with a dry hydrant installed shall also be allowed and/or substituted for a pond. The dry hydrant outlet shall be of standard size or four (4) inches.

Note. Please see diagram of a dry hydrant below:

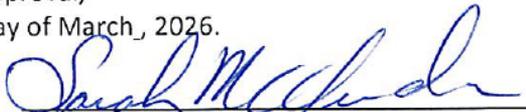

Section 14 Change of ownership of grandfathered RV park

Upon change of controlling interest of a grandfathered RV park the new owner shall immediately bring the existing RV park to meet the requirements of this ordinance and apply for a new license and/or permit.

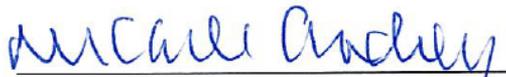

Section 15 Existing Manufactured Mobile Home Parks

Existing manufactured mobile home parks that have spaces for recreational vehicles existing prior to the adoption of this ordinance shall be permitted to occupy the space with a recreational vehicle. However, in no instance shall a new manufactured mobile home park to be located within the city limits of Pinehurst be allowed recreational vehicles or spaces for recreational vehicles. Same shall apply to a recreational vehicle to be located within the city limits of Pinehurst. Only recreational vehicles shall be allowed in a recreational vehicle park. No manufactured mobile home shall be permitted in a recreational vehicle park.

To become effective immediately upon passage and approval,
PASSED APPROVED AND AUTHENTICATED, this 10th day of March, 2026.
